Our Services

OUR BASIC SERVICES

Reader's Advisory Service

During opening hours, the Library staff will provide oral information about the Library's stock, the databases offered by the College Library and the content of external databases, as well as about the documents and services of the public library system.

Reading Room

Documents in the Reading Room may be used locally. (Documents in the Lending Room can be borrowed as well.) The Reading Room must be kept quiet and tidy, and no bags, coats or food may be taken into the Reading Room.

Literature Research

A service to help you to learn more about a topic, to write a homework assignment, an essay or a publication.

Education in the Library

User training and educational activities.

Library Staff Assistance

(for writing term papers, homework assignments and theses)

Our library staff can help Apor students to find literature for their course works, term papers and theses.

To apply and book an appointment, please fill in [the appropriate form](#).

You can contact our staff:
-   in order to find the right literature source
-   to explore online databases
-   for assistance with remote library use questions
-   and in case of reference problems.

Our librarian colleagues can be contacted with questions that require librarian expertise. The training should not be considered as a substitute for guidance from Tutors or Project Leaders.

OUR ELECTRONIC SERVICES

Computer Use
Computers with Internet access are available in the Library.

Internet Access to the Library Catalogue
The Library's online catalogue can be accessed and searched outside opening hours.

Availability of Databases Offered by the College
A service that can be used remotely from the College's IP domain or with eduID access. The list of offered databases can be found on the Library's website.

Theses
The list of Theses written at the College is available through the Library's online catalogue.
